

Chapter 1 & 2  
Introduction and background

Chapter 3  
Value Instability

Chapter 4  
Auxiliary tasks

Chapter 5  
Value-Gradient Aware  
Model Learning

Chapter 6  
Calibrated Latent Models for  
Value-Aware Model Learning

Chapter 7  
Stabilizing Value Function Learning  
with Model-Generate Data

Representation  
Learning

Model-based  
Reinforcement  
Learning

Chapter 8  
Conclusion
